

6TH ANNUAL

NYU GLOBAL IMPLANTOLOGY WEEK

MARCH 9-12, 2015
NEW YORK CITY, NEW YORK

NYU COLLEGE OF Dentistry
LINHART CONTINUING DENTAL EDUCATION PROGRAM

WELCOME

On behalf of NYU College of Dentistry and Zimmer Dental, you are cordially invited to attend the 6th Annual NYU College of Dentistry Global Implantology Week. We are proud once again to hold our annual program in New York City, a city so rich in diverse cultures that it has developed a unique culture of its own. This year's lineup of presentations by highly regarded experts in the industry continues the tradition of advanced clinical content and sound scientific findings. New to the 2015 program is the opportunity to participate in a Poster Case Presentation. Please join us for our 6th Annual program which kicks off on Monday, March 9, 2015.

To register for the program, please contact your local Zimmer Sales Representative or Distributor or visit www.cvent.com/d/04qvbj. We look forward to seeing you in 2015!

LINHART CONTINUING DENTAL EDUCATION PROGRAM

TARGET ATTENDEE:

Zimmer Dental and NYU cordially invite practicing dentists from around the world who are looking to expand and accelerate their current breadth of dental knowledge and usage of Dental Implant Therapy.

OVERVIEW:

This four day, interactive, intermediate-to-advanced-level educational experience will cover various dental implantology topics including soft tissue management, esthetics, smile design, ridge augmentation, single tooth restoration, tilted restorative solutions, digital technology and implant options for predictable results.

LEARNING OBJECTIVES:

This program is designed to assist in elevating the dental practitioner's practice and knowledge based on dental implant therapy to the next level through world class, clinically based, didactic presentations. This year, participants will also have the opportunity to learn from their colleagues through their own case and scientific poster presentations.
